Care, and Assisted Living Program (in Subsidized Housing) contain elements of personal care and related hands on care. Therefore individuals enrolled in this waiver are not entitled to receive the State Plan service of Personal Care (a.k.a. Personal Care Assistant (PCA) services.

12. The state assures that adequate standards exist for each provider of services under the waiver. The State further assures that all provider standards will be met.
13. An individual written plan of care will be developed by qualified individuals for each individual under this waiver. This plan of care will describe the medical and other services (regardless of funding source) to be furnished, their frequency, and the type of provider who will furnish each. All services will be furnished pursuant to a written plan of care. The plan of care will be subject to the approval of the Medicaid agency. FFP will not be claimed for waiver services furnished prior to the development of the plan of care. FFP will not be claimed for waiver services which are not included in the individual written plan of care.
14. Waiver services will not be furnished to individuals who are inpatients of a hospital, NF, or ICF/MR.
15. FFP will not be claimed in expenditures for the cost of room and board, with the following exception(s) (Check all that apply):
 - a. ☒ When provided as part of respite care in a facility approved by the State that is not a private residence (hospital, NF, foster home, or community residential facility).
 - b. ☒ Meals furnished as part of a program of adult day health services.
 - c. ☐ When a live-in personal caregiver (who is unrelated to the individual receiving care) provides approved waiver services, a portion of the rent and food that may be reasonably attributed to the caregiver who resides in the same household with the waiver recipient. FFP for rent and food for a live-in caregiver is not available if the recipient lives in the caregiver's home, or in a residence that is owned or leased by the provider of Medicaid services. An explanation of the method by

which room and board costs are computed is included in Appendix G-3.

For purposes of this provision, "board" means 3 meals a day, or any other full nutritional regimen.

16. The Medicaid agency provides the following assurances to HCFA:
 - a. Necessary safeguards have been taken to protect the health and welfare of persons receiving services under this waiver. Those safeguards include:
 1. Adequate standards for all types of providers that furnish services under the waiver (see Appendix B);
 2. Assurance that the standards of any State licensure or certification requirements are met for services or for individuals furnishing services that are provided under the waiver (see Appendix B). The State assures that these requirements will be met on the date that the services are furnished; and
 3. Assurance that all facilities covered by section 1616(e) of the Social Security Act, in which home and community-based services will be provided, are in compliance with applicable State standards that meet the requirements of 45 CFR Part 1397 for board and care facilities.
 - b. The agency will provide for an evaluation (and periodic reevaluations, at least annually) of the need for a level of care indicated in item 2 of this request, when there is a reasonable indication that individuals might need such services in the near future (one month or less), but for the availability of home and community-based services. The requirements for such evaluations and reevaluations are detailed in Appendix D.
 - c. When an individual is determined to be likely to require a level of care indicated in item 2 of this request, and is included in the targeting criteria included in items 3 and 4 of this request, the individual or his or her legal representative will be:
 1. Informed of any feasible alternatives under the waiver; and

STATE: New Jersey

DATE: August 14, 2003

2. Given the choice of either institutional or home and community-based services.
 - d. The agency will provide an opportunity for a fair hearing, under 42 CFR Part 431, subpart E, to persons who are not given the choice of home or community-based services as an alternative to institutional care indicated in item 2 of this request, or who are denied the service(s) of their choice, or the provider(s) of their choice.
 - e. The average per capita expenditures under the waiver will not exceed 100 percent of the average per capita expenditures for the level(s) of care indicated in item 2 of this request under the State plan that would have been made in that fiscal year had the waiver not been granted.
 - f. The agency's actual total expenditure for home and community-based and other Medicaid services under the waiver and its claim for FFP in expenditures for the services provided to individuals under the waiver will not, in any year of the waiver period, exceed 100 percent of the amount that would be incurred by the State's Medicaid program for these individuals in the institutional setting(s) indicated in item 2 of this request in the absence of the waiver.
 - g. Absent the waiver, persons served in the waiver would receive the appropriate type of Medicaid-funded institutional care that they require, as indicated in item 2 of this request.
 - h. The agency will provide HCFA annually with information on the impact of the waiver on the type, amount and cost of services provided under the State plan and on the health and welfare of the persons served on the waiver. The information will be consistent with a data collection plan designed by HCFA.
 - i. The agency will assure financial accountability for funds expended for home and community-based services, provide for an independent audit of its waiver program (except as HCFA may otherwise specify for particular waivers), and it will maintain and make available to HHS, the Comptroller General, or other designees, appropriate financial records documenting the cost of services provided under the waiver, including reports of any independent audits conducted.

STATE: New Jersey

DATE: August 14, 2003

The State conducts a single audit in conformance with the Single Audit Act of 1984, P.L. 98-502.

a. ☒ Yes b. ☐ No

17. The State will provide for an independent assessment of its waiver that evaluates the quality of care provided, access to care, and cost-neutrality. The results of the assessment will be submitted to HCFA at least 90 days prior to the expiration of the approved waiver period and cover the first 24 months (new waivers) or 48 months (renewal waivers) of the waiver.

a. ☐ Yes b. ☒ No

18. The State assures that it will have in place a formal system by which it ensures the health and welfare of the individuals served on the waiver, through monitoring of the quality control procedures described in this waiver document (including Appendices). Monitoring will ensure that all provider standards and health and welfare assurances are continuously met, and that plans of care are periodically reviewed to ensure that the services furnished are consistent with the identified needs of the individuals. Through these procedures, the State will ensure the quality of services furnished under the waiver and the State plan to waiver persons served on the waiver. The State further assures that all problems identified by this monitoring will be addressed in an appropriate and timely manner, consistent with the severity and nature of the deficiencies.

19. An effective date of January 1, 2004 is requested.

20. The State contact person for this request is Barbara Fuller, who can be reached by telephone at (609) 943-3463.

21. This document, together with Appendices A through G, and all attachments, constitutes the State's request for a home and community-based services waiver under section 1915(c) of the Social Security Act. The State affirms that it will abide by all terms and

STATE: New Jersey

DATE: August 14, 2003

conditions set forth in the waiver (including Appendices and attachments), and certifies that any modifications to the waiver request will be submitted in writing by the State Medicaid agency. Upon approval by HCFA, this waiver request will serve as the State's authority to provide home and community services to the target group under its Medicaid plan. Any proposed changes to the approved waiver will be formally requested by the State in the form of waiver amendments.

The State assures that all material referenced in this waiver application (including standards, licensure and certification requirements) will be kept on file at the Medicaid agency.

APPENDIX B - SERVICES AND PROVIDER STANDARDS

APPENDIX B-1: DEFINITION OF SERVICES

The State requests that the following home and community-based services, as described and defined herein, be included under this waiver. Provider qualifications/standards for each service are set forth in Appendix B-2.

a. X Case Management

- X Services which will assist individuals who receive waiver services in gaining access to needed waiver and other State plan services, as well as needed medical, social, educational and other services, regardless of the funding source for the services to which access is gained.

Case managers shall be responsible for ongoing monitoring of the provision of services included in the individual's plan of care.

1. X Yes 2. No

Case managers shall initiate and oversee the process of assessment and reassessment of the individual's level of care and the review of plans of care at such intervals as are specified in Appendices C & D of this request.

1. X Yes 2. No

X Other Service Definition (Specify):

Two options for Case Management are available. One option will have Regional Staff Nurses or Medical Social Care Specialists from the Long Term Care Field Office serve as case managers. In this option, Case Management will not be claimed as a service since these staff are federally matched.

STATE: New Jersey

DATE: August 14, 2003

In the other option, Case Management will be provided by a separate entity. In this option, Case Management will be reimbursed as a waiver service to the provider.

b. X Homemaker:

— Services consisting of general household activities (meal preparation and routine household care) provided by a trained homemaker, when the individual regularly responsible for these activities is temporarily absent or unable to manage the home and care for him or herself or others in the home. Homemakers shall meet such standards of education and training as are established by the State for the provision of these activities.

X Other Service Definition (Specify):
Assistance with eating, bathing, dressing, personal hygiene, activities of daily living. This service may include assistance with preparation of meals, but does not include the cost of the meals themselves. When specified in the plan of care, this service may also include such housekeeping chores as bedmaking, dusting and vacuuming, which are incidental to the care furnished, or which are essential to the health and welfare of the individual, rather than the individual's family. Homemaker care providers must meet State standards for this service. Homemaker services will not be reimbursed for individuals who reside in an Adult Family Care Home or participate in the Assisted Living Program (in Subsidized Housing).

Homemaker providers may be members of the individual's family. Payment will not be made for services furnished to a minor by the child's parent (or step-parent), or to an individual by that person's spouse.

Family members who provide homemaker services must meet the same standards as providers who are unrelated to the individual.

Supervision of homemaker providers will be furnished by either, a registered nurse, licensed to practice nursing in the State or a licensed practical or vocational nurse, under the supervision of a registered nurse, as provided under State law.

STATE: New Jersey

DATE: August 14, 2003

Homemaker services are not provided under the approved State plan.

Homemaker services are not available to individuals who receive the services Adult Family Care and Assisted Living Program (in subsidized housing) as the provider of those services is required to offer assistance in the areas described above.

c.____ Home Health Aide services:

____ Services defined in 42 CFR 440.70, with the exception that limitations on the amount, duration and scope of such services imposed by the State's approved Medicaid plan shall not be applicable. The amount, duration and scope of these services shall instead be in accordance with the estimates given in Appendix G of this waiver request. Services provided under the waiver shall be in addition to any available under the approved State plan.

____ Other Service Definition (Specify):

d.____ Personal care services:

____ Assistance with eating, bathing, dressing, personal hygiene, activities of daily living. This service may include assistance with preparation of meals, but does not include the cost of the meals themselves. When specified in the plan of care, this service may also include such housekeeping chores as bedmaking, dusting and vacuuming, which are incidental to the care furnished, or which are essential to the health and welfare of the individual, rather than the individual's family. Personal care providers must meet State standards for this service.

1. Services provided by family members (Check one):

f.____ Adult day health:

____ Services furnished 4 or more hours per day on a regularly scheduled basis, for one or more days per week, in an outpatient setting, encompassing both health and social services needed to ensure the optimal functioning of the individual. Meals provided as part of these services shall not constitute a "full nutritional regimen" (3 meals per day). Physical, occupational and speech therapies indicated in the individual's plan of care will be furnished as component parts of this service.

Transportation between the individual's place of residence and the adult day health center will be provided as a component part of adult day health services. The cost of this transportation is included in the rate paid to providers of adult day health services. (Check one):

1.____Yes 2.____No

____ Other service definition (Specify):

Qualifications of the providers of adult day health services are contained in Appendix B-2.

g.____ Habilitation:

____ Services designed to assist individuals in acquiring, retaining and improving the self-help, socialization and adaptive skills necessary to reside successfully in home and community-based settings. This service includes:

STATE: New Jersey_____

DATE: August 14, 2003_____

- Residential habilitation: assistance with acquisition, retention, or improvement in skills related to activities of daily living, such as personal grooming and cleanliness, bed making and household chores, eating and the preparation of food, and the social and adaptive skills necessary to enable the individual to reside in a non-institutional setting. Payments for residential habilitation are not made for room and board, the cost of facility maintenance, upkeep and improvement, other than such costs for modifications or adaptations to a facility required to assure the health and safety of residents, or to meet the requirements of the applicable life safety code. Payment for residential habilitation does not include payments made, directly or indirectly, to members of the individual's immediate family. Payments will not be made for the routine care and supervision which would be expected to be provided by a family or group home provider, or for activities or supervision for which a payment is made by a source other than Medicaid. Documentation which shows that Medicaid payment does not cover these components is attached to Appendix G.

- Day habilitation: assistance with acquisition, retention, or improvement in self-help, socialization and adaptive skills which takes place in a non-residential setting, separate from the home or facility in which the individual resides. Services shall normally be furnished 4 or more hours per day on a regularly scheduled basis, for 1 or more days per week unless provided as an adjunct to other day activities included in an individual's plan of care.

STATE: New Jersey

DATE: August 14, 2003

Day habilitation services shall focus on enabling the individual to attain or maintain his or her maximum functional level and shall be coordinated with any physical, occupational, or speech therapies listed in the plan of care. In addition, day habilitation services may serve to reinforce skills or lessons taught in school, therapy, or other settings.

- ____ Prevocational services not available under a program funded under section 110 of the Rehabilitation Act of 1973 or section 602(16) and (17) of the Individuals with Disabilities Education Act (20 U.S.C. 1401(16 and 17)). Services are aimed at preparing an individual for paid or unpaid employment, but are not job-task oriented. Services include teaching such concepts as compliance, attendance, task completion, problem solving and safety. Prevocational services are provided to persons not expected to be able to join the general work force or participate in a transitional sheltered workshop within one year (excluding supported employment programs). Prevocational services are available only to individuals who have previously been discharged from a SNF, ICF, NF or ICF/MR.

Check one:

- ____ Individuals will not be compensated for prevocational services.
- ____ When compensated, individuals are paid at less than 50 percent of the minimum wage.

STATE: New Jersey_____

DATE: August 14, 2003_____

Activities included in this service are not primarily directed at teaching specific job skills, but at underlying habilitative goals, such as attention span and motor skills. All prevocational services will be reflected in the individual's plan of care as directed to habilitative, rather than explicit employment objectives.

Documentation will be maintained in the file of each individual receiving this service that:

1. The service is not otherwise available under a program funded under the Rehabilitation Act of 1973, or P.L. 94-142; and
2. The individual has been deinstitutionalized from a SNF, ICF, NF, or ICF/MR at some prior period.

— Educational services, which consist of special education and related services as defined in section s (15) and (17) of the Individuals with Disabilities Education Act, to the extent to which they are not available under a program funded by IDEA. Documentation will be maintained in the file of each individual receiving this service that:

1. The service is not otherwise available under a program funded under the Rehabilitation Act of 1973, or P.L. 94-142; and
2. The individual has been deinstitutionalized from a SNF, ICF, NF, or ICF/MR at some prior period.

STATE: New Jersey

DATE: August 14, 2003

— Supported employment services, which consist of paid employment for persons for whom competitive employment at or above the minimum wage is unlikely, and who, because of their disabilities, need intensive ongoing support to perform in a work setting. Supported employment is conducted in a variety of settings, particularly work sites in which persons without disabilities are employed. Supported employment includes activities needed to sustain paid work by individuals receiving waiver services, including supervision and training. When supported employment services are provided at a work site in which persons without disabilities are employed, payment will be made only for the adaptations, supervision and training required by individuals receiving waiver services as a result of their disabilities, and will not include payment for the supervisory activities rendered as a normal part of the business setting.

Supported employment services furnished under the waiver are not available under a program funded by either the Rehabilitation Act of 1973 or P.L. 94-142. Documentation will be maintained in the file of each individual receiving this service that:

1. The service is not otherwise available under a program funded under the Rehabilitation Act of 1973, or P.L. 94-142; and
2. The individual has been deinstitutionalized from a SNF, ICF, NF, or ICF/MR at some prior period.

FFP will not be claimed for incentive payments, subsidies, or unrelated vocational training expenses such as the following:

STATE: New Jersey

DATE: August 14, 2003

1. Incentive payments made to an employer to encourage or subsidize the employer's participation in a supported employment program;
2. Payments that are passed through to users of supported employment programs; or
3. Payments for vocational training that is not directly related to an individual's supported employment program.

Transportation will be provided between the individual's place of residence and the site of the habilitation services, or between habilitation sites (in cases where the individual receives habilitation services in more than one place) as a component part of habilitation services. The cost of this transportation is included in the rate paid to providers of the appropriate type of habilitation services.

1. ____ Yes

2. ____ No

____ Other service definition (Specify):

The State requests the authority to provide the following additional services, not specified in the statute. The State assures that each service is cost-effective and necessary to prevent institutionalization. The cost neutrality of each service is demonstrated in Appendix G. Qualifications of providers are found in Appendix B-2.

STATE: New Jersey_____

DATE: August 14, 2003_____

h. X Environmental accessibility adaptations:

- X Those physical adaptations to the home, required by the individual's plan of care, which are necessary to ensure the health, welfare and safety of the individual, or which enable the individual to function with greater independence in the home, and without which, the individual would require institutionalization. Such adaptations may include the installation of ramps and grab-bars, widening of doorways, modification of bathroom facilities, or installation of specialized electric and plumbing systems which are necessary to accommodate the medical equipment and supplies which are necessary for the welfare of the individual. Excluded are those adaptations or improvements to the home which are of general utility, and are not of direct medical or remedial benefit to the individual, such as carpeting, roof repair, central air conditioning, etc. Adaptations which add to the total square footage of the home are excluded from this benefit. All services shall be provided in accordance with applicable State or local building codes.

Environmental Accessibility Adaptations will not be reimbursed for individuals who receive Assisted Living Program (in Subsidized Housing).

____ Other service definition (Specify):

i. ____ Skilled nursing:

- ____ Services listed in the plan of care which are within the scope of the State's Nurse Practice Act and are provided by a registered professional nurse, or licensed practical or vocational nurse under the supervision of a registered nurse, licensed to practice in the State.
- ____ Other service definition (Specify):

STATE: New Jersey_____

DATE: August 14, 2003_____

j. X Transportation:

X Service offered in order to enable individuals served on the waiver to gain access to waiver and other community services, activities and resources, specified by the plan of care. This service is offered in addition to medical transportation required under 42 CFR 431.53 and transportation services under the State plan, defined at 42 CFR 440.170(a) (if applicable), and shall not replace them. Transportation services under the waiver shall be offered in accordance with the individual's plan of care. Whenever possible, family, neighbors, friends, or community agencies which can provide this service without charge will be utilized.

___ Other service definition (Specify):

k. X Specialized Medical Equipment and Supplies:

X Specialized medical equipment and supplies to include devices, controls, or appliances, specified in the plan of care, which enable individuals to increase their abilities to perform activities of daily living, or to perceive, control, or communicate with the environment in which they live.

This service also includes items necessary for life support, ancillary supplies and equipment necessary to the proper functioning of such items, and durable and non-durable medical equipment not available under the Medicaid State plan. Items reimbursed with waiver funds shall be in addition to any medical equipment and supplies furnished under the State plan and shall exclude those items which are not of direct medical or remedial benefit to the individual. All items shall meet applicable standards of manufacture, design and installation.

___ Other service definition (Specify):

l. X Chore services:

- X Services needed to maintain the home in a clean, sanitary and safe environment. This service includes heavy household chores such as washing floors, windows and walls, tacking down loose rugs and tiles, moving heavy items of furniture in order to provide safe access and egress. These services will be provided only in cases where neither the individual, nor anyone else in the household, is capable of performing or financially providing for them, and where no other relative, caregiver, landlord, community/volunteer agency, or third party payor is capable of or responsible for their provision. In the case of rental property, the responsibility of the landlord, pursuant to the lease agreement, will be examined prior to any authorization of service.

Chore services will not be reimbursed for individuals who receive Assisted Living Program (in Subsidized Housing) or Adult Family Care services.

___ Other service definition (Specify):

m. X Personal Emergency Response Systems (PERS)

- X PERS is an electronic device which enables certain individuals at high risk of institutionalization to secure help in an emergency. The individual may also wear a portable "help" button to allow for mobility. The system is connected to the person's phone and programmed to signal a response center once a "help" button is activated. The response center is staffed by trained professionals, as specified in Appendix B-2. PERS services are limited to those individuals who live alone, or who are alone for significant parts of the day, and have no regular caregiver for extended periods of time, and who would otherwise require extensive routine supervision.

___ Other service definition (Specify):

STATE: New Jersey

DATE: August 14, 2003

n.____ Adult companion services:

____ Non-medical care, supervision and socialization, provided to a functionally impaired adult. Companions may assist or supervise the individual with such tasks as meal preparation, laundry and shopping, but do not perform these activities as discrete services. The provision of companion services does not entail hands-on nursing care. Providers may also perform light housekeeping tasks which are incidental to the care and supervision of the individual. This service is provided in accordance with a therapeutic goal in the plan of care, and is not purely diversional in nature.

____ Other service definition (Specify):

o.____ Private duty nursing:

____ Individual and continuous care (in contrast to part time or intermittent care) provided by licensed nurses within the scope of State law. These services are provided to an individual at home.

____ Other service definition (Specify):

p.____ Family training:

____ Training and counseling services for the families of individuals served on this waiver. For purposes of this service, "family" is defined as the persons who live with or provide care to a person served on the waiver, and may include a parent, spouse, children, relatives, foster family, or in-laws. "Family" does not include individuals who are employed to care for the consumer. Training includes instruction about treatment regimens and use of equipment specified in the plan of care, and shall include updates as

STATE: New Jersey

DATE: August 14, 2003

necessary to safely maintain the individual at home. All family training must be included in the individual's written plan of care.

___ Other service definition (Specify):

q. X Attendant care services:

X Hands-on care, of both a supportive and health-related nature, specific to the needs of a medically stable, physically handicapped individual. Supportive services are those which substitute for the absence, loss, diminution, or impairment of a physical or cognitive function. This service may include skilled or nursing care to the extent permitted by State law. Housekeeping activities which are incidental to the performance of care may also be furnished as part of this activity.

Attendant Care services will not be reimbursed for individuals who receive Adult Family Care or Assisted Living Program (in Subsidized housing) service.

Supervision (Check all that apply):

X Supervision will be provided by a Registered Nurse, licensed to practice in the State. The frequency and intensity of supervision will be specified in the individual's written plan of care.

X Supervision may be furnished directly by the individual, when the person has been trained to perform this function, and when the safety and efficacy of consumer-provided supervision has been certified in writing by a registered nurse or otherwise as provided in State law. This certification must be based on direct observation of the consumer and the specific attendant care provider, during the actual provision of care. Documentation of this certification will be maintained in the consumer's individual plan of care.

STATE: New Jersey

DATE: August 14, 2003

___ Other supervisory arrangements (Specify):

___ Other service definition (Specify):

r. X Adult Residential Care (Check all that apply):

X Adult foster care (Adult Family Care): Personal care and services, homemaker, chore, attendant care and companion services medication oversight (to the extent permitted under State law) provided in a licensed (where applicable) private home by a principal care provider who lives in the home. Adult foster care is furnished to adults who receive these services in conjunction with residing in the home. The total number of individuals (including persons served in the waiver) living in the home, who are unrelated to the principal care provider, cannot exceed 5. Separate payment will not be made for homemaker or chore services furnished to an individual receiving adult foster care services, since these services are integral to and inherent in the provision of adult foster care services.

___ Assisted living: Personal care and services, homemaker, chore, attendant care, companion services, medication oversight (to the extent permitted under State law), therapeutic social and recreational programming, provided in a home-like environment in a licensed (where applicable) community care facility, in conjunction with residing in the facility. This service includes 24 hour on-site response staff to meet scheduled or unpredictable needs in a way that promotes maximum dignity and independence, and to provide supervision, safety and security. Other individuals or agencies may also furnish care directly, or under arrangement with the community care facility, but the care provided by these other entities supplements that provided by the community care facility and does not supplant it.

Personalized care is furnished to individuals who reside in their own living units (which may include dually occupied units when both

STATE: New Jersey

DATE: August 14, 2003

occupants consent to the arrangement) which may or may not include kitchenette and/or living rooms and which contain bedrooms and toilet facilities. The consumer has a right to privacy. Living units may be locked at the discretion of the consumer, except when a physician or mental health professional has certified in writing that the consumer is sufficiently cognitively impaired as to be a danger to self or others if given the opportunity to lock the door. (This requirement does not apply where it conflicts with fire code.) Each living unit is separate and distinct from each other. The facility must have a central dining room, living room or parlor, and common activity center(s) (which may also serve as living rooms or dining rooms). The consumer retains the right to assume risk, tempered only by the individual's ability to assume responsibility for that risk. Care must be furnished in a way which fosters the independence of each consumer to facilitate aging in place. Routines of care provision and service delivery must be consumer-driven to the maximum extent possible, and treat each person with dignity and respect.

Assisted living services may also include (Check all that apply):

- ☐ Home health care
- ☐ Physical therapy
- ☐ Occupational therapy
- ☐ Speech therapy
- ☐ Medication administration
- ☐ Intermittent skilled nursing services
- ☐ Transportation specified in the plan of care
- ☐ Periodic nursing evaluations
- ☐ Other (Specify)

STATE: New Jersey

DATE: August 14, 2003

However, nursing and skilled therapy services (except periodic nursing evaluations if specified above) are incidental, rather than integral to the provision of assisted living services. Payment will not be made for 24-hour skilled care or supervision. FFP is not available in the cost of room and board furnished in conjunction with residing in an assisted living facility.

____ Other service definition (Specify):

Payments for adult residential care services are not made for room and board, items of comfort or convenience, or the costs of facility maintenance, upkeep and improvement. Payment for adult residential care services does not include payments made, directly or indirectly, to members of the consumer's immediate family. The methodology by which payments are calculated and made is described in Appendix G.

- s. X Other waiver services which are cost-effective and necessary to prevent institutionalization (Specify):

Community Transition Services:

Security deposits for leases. Essential furnishings, household supplies and incidentals as well as moving expenses required to establish, occupy and use a basic living arrangement in the community. Security deposits and/or set up fees required for utility and/or telephone service. Environmental accessibility modifications and/or one time services prior to occupancy that are necessary to protect the health, safety and welfare of the beneficiary.

Home-Based Supportive Care

Services designed to reduce or prevent inappropriate institutionalization by maintaining, strengthening, or restoring an individual's functioning. Needs must be identified through the comprehensive assessment or reassessment, and must be specified in the approved Plan of Care as a required service. Services are provided in the individual's home.

STATE: New Jersey

DATE: August 14, 2003

All services include the provision of non-medical transportation necessary for the implementation of the care plan.

Home-Based Supportive Care includes assistance with Activities of Daily Living (ADL): bathing/personal hygiene; dressing; toileting; transferring; continence; eating/nutrition; mobility.

Home-Based Supportive Care also includes assistance with Instrumental Activities of Daily Living (IADL): preparing meals; shopping; managing money; housework, laundry, taking medicine; transportation; mobility outside the home.

Beneficiaries may elect to engage in consumer-directed services, acting as the employer of their care providers. These beneficiaries must be willing and able to direct their care and perform essential employer functions, such as interviewing, checking references, hiring, supervising, and firing. The ability to direct one's care shall be confirmed prior to enrollment in consumer-directed services. An individual's ability may be reassessed at any time, as determined by the Case Manager, in response to objective evidence indicating changes in capability. An individual may opt to use an authorized representative approved by the Department to act in the individual's behalf.

The Client-Employed Provider (CEP) must have demonstrated the experience, training, education or skills necessary to meet the client's needs, consistent with the program standards. Additional provider requirements unique to the needs of a particular individual are identified in the Plan of Care. The Case Manager verifies that the Client-Employed Provider meets the qualifications identified for the particular service, per Addendum 2 to Appendix B-2. A criminal background check will be required on all Client-Employed Providers.

The client supervises and directs the employee in the provision of services as specified in the recipient's Plan of Care. The Plan of Care is formulated by the Case Manager, beneficiary, and other pertinent individuals and is based on careful assessment of needs, current supports, and abilities. The client and his/her family are always participants in the planning process. The Plan of Care drives service linkage and monitoring.

The Case Manager formally monitors implementation of the Plan of Care, which

STATE: New Jersey

DATE: August 14, 2003

identifies minimum monitoring frequency, methodology to verify service provision and service outcomes. The case manager is also available to the beneficiary to provide support in Client-Employed-Provider service delivery as needed to ensure the health, safety, welfare and rights of the individuals receiving services.

A service agreement will be available for each Client-Employed Provider delineating the specific care, as identified in the Plan of Care, to be provided in terms of type, amount, duration, and frequency of service. Case managers complete an Individual Service Agreement which is to be matched, by the vendor providing fiscal services for payroll and withholding, against timesheets/invoices to ensure that the approved hours of consumer directed services are not exceeded.

A contracted vendor will act as agent for the client/employer in performing fiscal responsibilities associated with processing payroll and withholding obligations. This is an administrative function and not a separate service.

Home-Based Supportive Care may also be provided by a contract Agency employee, who is specifically authorized as able to perform the requisite services by the employing contract Agency.

A Registered Nurse may be used, not for supervision, but as a consultant when needed for instruction, training, and/or on-going assessment of clients.

Home-Based Supportive Care services will not be reimbursed for individuals who reside in Adult Family Care or Assisted Living Programs (in Subsidized Housing).

Home delivered meal service

Nutritionally balanced meals delivered to the beneficiary's home when this meal provision is more cost effective than having a personal care provider prepare the meal. These meals shall not replace nor be a substitute for a full day's nutritional regimen but each meal shall provide at least 1/3 of the current Recommended Dietary Allowance established by the Food & Nutrition Board of the National Academy of Sciences, National Research Council. A unit of service equals one

STATE: New Jersey

DATE: August 14, 2003

meal. No more than one meal per day will be reimbursed under the waiver. Home delivered meals are provided to an individual at home, and included in the approved Plan of Care only when the beneficiary is unable to leave the home independently, unable to prepare the meal, and there is no other person, paid or unpaid, to prepare the meal.

When the client's needs cannot be met by Title III provider due to: geographic inaccessibility, special dietary needs, the time of day or week the meal is needed, or existing Title III provider waiting lists precluding service delivery, a meal may be provided by restaurants, cafeterias, or caterers who comply with the NJ State Department of Health and Senior Services and local Board of Health regulations for food service establishments. The need for this service must be specified in the individual's Plan of Care, and the unavailability of other resources to satisfy this need must be documented in the case record. Home-delivered Meal services will not be reimbursed for individuals who reside in Adult Family Care or receive Assisted Living Program (in subsidized housing) program service.

Caregiver / Recipient Training

Instruction provided to a waiver client or caregiver in either a one-to-one or group situation to teach a variety of skills necessary to provide required assistance in Activities of Daily Living and Instrumental Activities of Daily Living, including: use of specialized or adaptive equipment; completion of medically related procedures required to maintain the client in a home or community setting; activities of daily living; adjustment to mobility impairment; management of personal care needs; skills to deal with care providers and attendants.

Training needs must be identified through the comprehensive assessment, reassessment, or in a professional evaluation, and must be identified in the approved Plan of Care as a required service.

Caregiver/Recipient Training services will not be reimbursed for individuals who reside in Adult Family Care or Assisted Living Programs (in Subsidized Housing).

Social Adult Day Care

STATE: New Jersey

DATE: August 14, 2003

Social Adult day care is a community-based group program designed to meet the needs of adults with functional impairments through an individual plan of care. It is a structured, comprehensive program that provides a variety of health, social, and related support services in a protective setting during any part of a day but less than 24-hour care.

Individuals who participate in social adult day care attend on a planned basis during specified hours. Social adult day care assists its participants to remain in the community, enabling families and other caregivers to continue caring at home for a family member with impairment.

Assisted Living Program (in Subsidized Housing)

The coordinated array of supportive personal care and services, homemaker, chore, attendant care, companion services, and medication oversight and administration available throughout the day to tenants of a subsidized housing setting. Unlike the Assisted Living Residence or Comprehensive Personal Care Home, venues, the building in which services are provided is not licensed as Assisted Living. Rather, the provider of the service is required to be licensed.

Personalized care is provided to individuals who reside in their own independent apartments. The individual is responsible for his/her own rent and utility payments as defined in a lease with the landlord. Individuals are also responsible for the cost of meals and other household expenses.

As with other assisted living venues, the consumer retains the right to assume risk, tempered only by the individual's ability to assume responsibility for that risk. Care must be furnished in a way which fosters the independence of each consumer to facilitate aging in place. Routines of care provision and service delivery must be consumer-driven to the maximum extent possible, and treat each person with dignity and respect.

Transitional Case Management

Services which will assist individuals who are in a nursing home or other institution to gain access to and to enroll in waiver services. These Transitional

STATE: New Jersey

DATE: August 14, 2003

Case management services foster the transition from an institution to a community-based living arrangement.

As with other forms of case management, there are two options available. One option will have Regional Staff Nurses or Medical Social Care Specialists from the Long Term Care Field Office serve as case managers. In this option, Case Management will not be claimed as a service since these staff are federally matched.

In the other option, Case Management will be provided by a separate entity. In this option, Case Management will be reimbursed as a waiver service to the provider.

t.____ Extended State plan services:

The following services, available through the approved State plan, will be provided, except that the limitations on amount, duration and scope specified in the plan will not apply. Services will be as defined and described in the approved State plan. The provider qualifications listed in the plan will apply, and are hereby incorporated into this waiver request by reference. These services will be provided under the State plan until the plan limitations have been reached. Documentation of the extent of services and cost-effectiveness are demonstrated in Appendix G. Qualifications of Client-Employed Providers

Minimum Requirements:

1. All provider applicants must be at least 18 years old.
2. All provider applicants must successfully complete a criminal background check.
3. All provider applicants must be a United States citizen or be a legal alien authorized to work in the U.S.
4. All provider applicants must be able to communicate with the recipient.
5. All provider applicants must be physically capable of performing the service.
6. All provider applicants must respect the rights of the recipient, including the practice of confidentiality.
7. All provider applicants must be able to read and write at a level sufficient to follow written instructions and maintain records required in the performance of their duties.

Additional Requirements:

For in-home services, the provider applicant must meet competency standards set for the particular service, e.g. Chore, Home-Based Supportive Care, Attendant Care, Respite Care, and Transportation. Based on the specific service tasks to be performed, e.g. particular assistance with IADL/ADL tasks as identified in the Plan of Care, a list of relevant standards is identified for which the provider must demonstrate competence. Demonstration is accomplished through:

- Documentation of formal training or education;
- Previous experience;
- Written documentation from previous employers;
- Ability to clearly and effectively explain, verbally or in writing, specifically how the task is to be accomplished;
- Through actual observation of task performance.

STATE: New Jersey _____

DATE: August 14, 2003 _____

Process:

All Client-Employed Providers will complete an application packet, which is submitted to the Case Manager who evaluates the individual's qualifications against the service provider qualifications stipulated. The Case Manager is responsible to verify the qualifications are met. As appropriate, the Case Manager may consult with an individual of specialized experience, e.g. RN, to evaluate competence.

The Case Manager forwards the appropriate information to the entity acting as agent of the Client/employer for payroll purposes, who completes the employer functions verifying legal status to work. A criminal background check is conducted on all applicants.

Once all qualifications are confirmed, the Case Manager identifies the provider in the Plan of Care, obtains a completed Service Agreement, and issues Individual Service agreement to the agent of the client employer to confirm authority to issue payment.

Documentation of qualification of a provider will be maintained in the client file.

Only providers who meet the qualifications will be reimbursed for waiver services.

Addendum 3 to Appendix B-2
CONGREGATE HOUSING SERVICES PROGRAM

Introduction

The State of New Jersey is among those leading the nation in developing congregate services in housing for low- and moderate-income elderly. In 1981, the New Jersey Legislature authorized and funded the Congregate Housing Services Program (CHSP), a program of assistance for frail and at-risk seniors in subsidized housing for the elderly. The Legislature found that the absence of supportive services in housing for the elderly subjected seniors suffering from short-term or permanent disability or the natural consequences of aging to inappropriate, premature or overextended institutionalization.

It believed that the CHSP would prove to be a successful and cost effective means of fulfilling basic shelter and everyday service needs of the frail elderly, enabling them to preserve their dignity and independence in a secure environment. The CHSP was designed to absorb a large portion of the cost of supportive services, enabling housing providers to provide congregate services to their frail elderly population in need of basic services but unable to afford the cost of such services.

Program Overview

The NJ Division of Aging and Community Services defines congregate housing as “a residential environment which incorporates shelter and services needed by the functionally impaired and socially deprived but not ill elderly to enable them to maintain or to return to a semi-independent lifestyle and to avoid institutionalization as they grow older.” The Congregate housing services program is intended to provide the physical and social environment that will extend the time span during which older people can live independently.

The CHSP supports independent living and prevents the unnecessary institutionalization of older people. The total cost of a complete congregate package is considerably less than the cost of a skilled nursing home. The CHSP also:

- Prevents the deterioration of apartments by providing cleaning services,
- Prevents a decline in the health of tenants by providing personal and nutritional services,

STATE: New Jersey___DATE: August 14, 2003___

- Creates a healthier environment for all tenants by providing supportive services to participants,
- Provides additional opportunities to socialize, and
- Assures tenants and management alike that changes caused by the aging process, which can negatively affect the person and the residence, are being monitored on an ongoing basis.

Beneficiaries of the CHSP

The CHSP is beneficial not only to program participants, but also for other tenants in the building, building management, related family members and the surrounding community.

- The Tenant Participant: Many frail elderly benefit from the freedom and independence that the CHSP affords them. They can remain in the community in their accustomed residence with dignity, freedom of choice and freedom of movement because they are assisted with those areas in which they can no longer adequately provide for themselves.
- The Older Tenants: People feel secure when they see others around them assisted with dignity when the need arises. Although people hope to remain strong and vigorous all their lives, it provides great security to know, "If I need it, the service is available."
- Management: Although management assumes additional responsibilities with the CHSP, congregate services enable housing providers to pro-actively address potential health and safety issues before they become serious and impact the building.
- Family Members: The availability of congregate services promotes healthier relationships between tenants and their families. Children and grandchildren can visit without the pressure of having to cook, clean and shop; family members can visit more frequently and just drop in to say hello. The tenant, in turn, can relate to her/his family with greater dignity and independence.
- The Community: Congregate housing provides a more attractive environment than that provided in an institutional setting and does so at a lower cost.

Eligibility and Program Fees

The CHSP is directed to frail or at-risk elderly, persons who, with advanced age, are experiencing decreased energy and mobility but retain the capacity and desire for as much self-management as possible.

STATE: New Jersey___

Costs for services vary according to a resident's income and the amount of assistance he or she receives. The State of New Jersey provides a service subsidy to reduce the cost of the program to eligible participants. Individual subsidies are based on a formula for calculating disposable income established by HUD. Additional subsidies from other sources that further reduce the cost to participants are allowable. Participants pay anywhere from 5 % to 100 % of the total cost of the services.

CHSP Services

Meals: Food and meal services are a central part of the CHSP. The meal, nutritionally and socially, can be the highlight of the participant's day. The program must provide one nutritionally balanced meal seven days a week in a family style setting. A qualified nutritionist must approve menus. Meals can be prepared on site or purchased from off-site caterers.

Housekeeping / Personal Assistance: The following services are provided to participants as needed:

Housekeeping	Linen change	Companionship
Shopping	Assistance with bathing	Personal care
Laundry	Meal preparation	Assistance with dressing

Appendix C-2--Post-Eligibility

GENERAL INSTRUCTIONS

ALL Home and Community-Based waiver recipients found eligible under 435.217 are subject to post-eligibility calculations.

Eligibility and post-eligibility are two separate processes with two separate calculations. Eligibility determines whether a person may be served on the waiver. Post-eligibility determines the amount (if any) by which Medicaid reduces its payment for services furnished to a particular individual. By doing so, post-eligibility determines the amount (if any) for which an individual is liable to pay for the cost of waiver services.

An eligibility determination (and periodic redetermination) must be made for each person served on the waiver.

Post-eligibility calculations are made ONLY for persons found eligible under □435.217.

Post-eligibility determinations must be made for all groups of individuals who would be eligible for Medicaid if they were in a medical institution and need home and community-based services in order to remain in the community (□435.217). For individuals whose eligibility is not determined under the spousal rules (□1924 of the Social Security Act), the State must use the regular post-eligibility rules at 435.726 and 435.735. However, for persons found eligible for Medicaid using the spousal impoverishment rules, the State has two options concerning the application of post-eligibility rules:

OPTION 1: The State may use the post-eligibility (PE) rules under 42 CFR □435.726 and □435.735 just as it does for other individuals found eligible under □435.217 or;

OPTION 2: it may use the spousal post-eligibility rules under □1924.

REGULAR POST-ELIGIBILITY RULES--□435.726 and □435.735

- o The State must provide an amount for the maintenance needs of the individual. This amount must be based upon a reasonable assessment of the individual's needs in the community.
- o If the individual is living with his or her spouse, or if the individual is living in the community and the spouse is living at home, the State must protect an additional amount for the spouse's maintenance. This amount is limited by the highest appropriate income standard for cash assistance, or the medically needy standard. The State may choose which standard to apply.

STATE: New Jersey

DATE: August 14, 2003

- o If the individual's spouse is not living in the individual's home, no maintenance amount is protected for that spouse's needs.
- o If other family members are living with the individual, an additional amount is protected for their needs. This amount is limited by the AFDC need standard for a family of the same size or by the appropriate medically needy standard for a family of the same size. The State may choose which standard to apply.

SPOUSAL POST-ELIGIBILITY--§1924

When a person who is eligible as a member of a 42 CFR 435.217 group has a community spouse, the State may treat the individual as if he or she is institutionalized and apply the post-eligibility rules of §1924 of the Act (protection against spousal impoverishment) instead of the post-eligibility rules under 42 CFR 435.726 and 435.735. The §1924 post-eligibility rules provide for a more generous community spouse and family allowance than the rules under 42 CFR 435.726 and 435.735. Spousal impoverishment post-eligibility rules can only be used if the State is using spousal impoverishment eligibility rules.

The spousal protection rules also provide for protecting a personal needs allowance (PNA) "described in §1902(q)(1)" for the needs of the institutionalized individual. This is an allowance which is reasonable in amount for clothing and other personal needs of the individual . . . while in an institution." For institutionalized individuals this amount could be as low as \$30 per month. Unlike institutionalized individuals whose room and board are covered by Medicaid, the personal needs of the home and community-based services recipient must include a reasonable amount for food and shelter as well as for clothing. The \$30 PNA is not a sufficient amount for these needs when the individual is living in the community.

Therefore, States which elect to treat home and community-based services waiver participants with community spouses under the §1924 spousal impoverishment post-eligibility rules must use as the personal needs allowance either the maintenance amount which the State has elected under 42 CFR 435.726 or 42 CFR 435.735, or an amount that the State can demonstrate is a reasonable amount to cover the individual's maintenance needs in the community.

The state will employ the following procedures to ensure timely reevaluations of level of care (check below):

_____ “Tickler” file

_____ Edits in computer system

 X Component part of case management

_____ Other (specify):

APPENDIX D-3

a. MAINTENANCE OF RECORDS

1. Records of evaluations and reevaluations of level of care will be maintained in the following location(s) (check all that apply):

- _____ By the Medicaid Agency in its central office
- _____ By the Medicaid Agency in district/local offices
- _____ By the agency designated in Appendix A as having primary authority for the daily operation of the waiver program
- X By the case managers
- X By the persons or agencies designated as responsible for the performance of evaluations and reevaluations
- _____ By service providers
- _____ Other (specify):

a. FREEDOM OF CHOICE AND FAIR HEARING

1. When an individual is determined to be likely to require a level of care indicated in the Executive Summary of this request, the individual or his or her legal representative will be:
 - a. Informed of any feasible alternatives under the waiver; and
 - b. Given the choice of either institutional or home and community-based services.
2. The agency will provide an opportunity for a fair hearing under 42 CFR Part 431, subpart E, to individuals who are not given the choice of home or community-based services as an alternative to the institutional care indicated in the Executive Summary of this request or who are denied the service(s) of their choice, or the provider(s) of their choice.
3. The following are attached to this Appendix:
 - a. A copy of the form(s) used to document freedom of choice and to offer a fair hearing;
 - b. A description of the agency's procedure(s) for informing eligible individuals (or their legal representatives) of the feasible alternatives available under the waiver;
 - c. A description of the State's procedures for allowing individuals to choose either institutional or home and community-based services; and
 - d. A description of how the individual (or legal representatives) is offered the opportunity to request a fair hearing under 42 CFR Part 431, Subpart E.

The CP-9 is notification of the right to appeal.

APPENDIX E - PLAN OF CARE

APPENDIX E-1

a. PLAN OF CARE DEVELOPMENT

1. The following individuals are responsible for the preparation of the plans of care:
 - ☐ Registered nurse, licensed to practice in the State
 - ☐ Licensed practical or vocational nurse, acting within the scope of practice under State law
 - ☐ Physician (M.D. or D.O.) licensed to practice in the State
 - ☐ Social Worker (qualifications attached to this Appendix)
 - ☒ Case Manager
 - ☒ Other (specify): Staff of a licensed Assisted Living Program for a resident, pursuant to the requirements of N.J.A.C. 8:36, subchapter 7.
2. Copies of written plans of care will be maintained for a minimum period of 3 years. Specify each location where copies of the plans of care will be maintained.
 - ☐ At the Medicaid agency central office
 - ☐ At the Medicaid agency county/regional offices
 - ☒ By case managers
 - ☐ By the agency specified in Appendix A
 - ☐ By consumers
 - ☐ Other (specify):

STATE: New Jersey

DATE: August 14, 2003

3. The plan of care is the fundamental tool by which the State will ensure the health and welfare of the individuals served under this waiver. As such, it will be subject to periodic review and update. These reviews will take place to determine the appropriateness and adequacy of the services, and to ensure that the services furnished are consistent with the nature and severity of the individual's disability. The minimum schedule under which these reviews will occur is:

☐ Every 3 months

☐ Every 6 months

☒ Every 12 months

☐ Other (specify):

STATE: New Jersey

DATE: August 14, 2003

APPENDIX E-2

a. MEDICAID AGENCY APPROVAL

The following is a description of the process by which the plan of care is made subject to the approval of the Medicaid agency:

The case manager develops the care plan and, if approved by the case management site manager the plan is implemented. One exception to this is for individuals receiving Assisted Living Program (in Subsidized Housing) service. In those situations, staff of the licensed program develop a “resident service plan” and/or a “health care plan” according to the requirements of N.J.A.C. 8:36 subchapter 7. This plan is reviewed and approved by the case management site.

All plans are subject to the review and approval of the DHSS. The Medicaid agency monitors a sample of approved plans and provides DHSS with a copy of the findings.

b. STATUTORY REQUIREMENTS AND COPY OF PLAN OF CARE

1. The plan of care will contain, at a minimum, the type of services to be furnished, the amount, the frequency and duration of each service, and the type of provider to furnish each service.

2. A copy of the plan of care form to be utilized in this waiver is attached to this Appendix.

Only the WPA-2, which may not be present for every client, is attached. Plans developed by assisted living programs vary in form and format among the various providers and it is impractical to attach copies of each. The licensing and survey agency reviews and approves each licensed assisted living program’s form and format for care plans.

APPENDIX F - AUDIT TRAIL

a. DESCRIPTION OF PROCESS

1. As required by sections 1905(a) and 1902(a)(32) of the Social Security Act, payments will be made by the Medicaid agency directly to the providers of waiver and State plan services.
2. As required by section 1902(a)(27) of the Social Security Act, there will be a provider agreement between the Medicaid agency and each provider of services under the waiver.
3. Method of payments (check one):
 - ☒ Payments for all waiver and other State plan services will be made through an approved Medicaid Management Information System (MMIS).
 - ☐ Payments for some, but not all, waiver and State plan services will be made through an approved MMIS. A description of the process by which the State will maintain an audit trail for all State and Federal funds expended, and under which payments will be made to providers is attached to this Appendix.
 - ☐ Payment for waiver services will not be made through an approved MMIS. A description of the process by which payments are made is attached to this Appendix, with a description of the process by which the State will maintain an audit trail for all State and Federal funds expended.
 - ☐ Other (Describe in detail):

b. BILLING AND PROCESS AND RECORDS RETENTION

1. Attached is a description of the billing process. This includes a description of the mechanism in place to assure that all claims for payment of waiver services are made only:
 - a. When the individual was eligible for Medicaid waiver payment on the date of service;
 - b. When the service was included in the approved plan of care;
 - c. In the case of supported employment, prevocational or educational services included as part of habilitation services, when the individual was eligible to receive the services and the services were not available to the individual through a program funded under section 602(16) or (17) of the Individuals with Disabilities Education Act (P.L. 94-142) or section 110 of the Rehabilitation Act of 1973.

☐ Yes

☒ No. These services are not included in this waiver.
2. The following is a description of all records maintained in connection with an audit trail. Check one:

☒ All claims are processed through an approved MMIS.

☐ MMIS is not used to process all claims. Attached is a description of records maintained with an indication of where they are to be found.
3. Records documenting the audit trail will be maintained by the Medicaid agency, the agency specified in Appendix A (if applicable), and providers of waiver services for a minimum period of 3 years.

STATE: New Jersey

DATE: August 14, 2003

c. PAYMENT ARRANGEMENTS

1. Check all that apply:

☒ The Medicaid agency will make payments directly to providers of waiver services.

☒ The Medicaid agency will pay providers through the same fiscal agent used in the rest of the Medicaid program.

☒ The Medicaid agency will pay providers through the use of a limited fiscal agent who functions only to pay waiver claims.

☐ Providers may *voluntarily* reassign their right to direct payments to the following governmental agencies (specify):

Providers who choose not to voluntarily reassign their right to direct payments will not be required to do so. Direct payments will be made using the following method:

2. Interagency agreement(s) reflecting the above arrangements are on file at the Medicaid agency.

Description of the Billing Process

New Jersey has a Medicaid Management Information System which is certified by the Centers for Medicare and Medicaid Services. This includes approved beneficiary and provider eligibility files containing appropriate date references indicating participation in waiver programs. All processed and paid claims data are available in detail reports and in periodic production of the Management and Administrative Reporting Subsystem reports.

The DHSS utilizes a contract vendor as an agent for client employed providers. This vendor also processes bills for services provided by non-traditional Medicaid providers, e.g., chore services, Personal Medical Response Systems, etc. The case manager completes an Individual Service Agreement (ISA) specifying the provider, the amount frequency and duration of service for each waiver service that must be processed in this manner. All of these services are billed by the contract vendor through the MMIS. The contract vendor agent bills the MMIS and subsequently pays non-traditional provider(s) for waiver services only when an appropriate ISA is on file and the bill comports with the ISA.

YEAR	UNDUPLICATED INDIVIDUALS
1	3042
2	4200
3	5400
4	6650
5	7900

EXPLANATION OF FACTOR C:

Check one:

☐ The State will make waiver services available to individuals in the target group up to the number indicated as factor C for the waiver year.

☒ The State will make waiver services available to individuals in the target group up to the lesser of the number of individuals indicated as factor C for the waiver year, or the number authorized by the State legislature for that time period.

The State will inform HCFA in writing of any limit which is less than factor C for that waiver year.

METHODOLOGY FOR DERIVATION OF FORMULA VALUES

FACTOR D

LOC: NF

The July 25, 1994 final regulation defines Factor D as:

"The estimated annual average per capita Medicaid cost for home and community-based services for individuals in the waiver program."

The demonstration of Factor D estimates is on the following page.

APPENDIX G-3
METHODS USED TO EXCLUDE PAYMENTS FOR ROOM AND BOARD

The purpose of this Appendix is to demonstrate that Medicaid does not pay the cost of room and board furnished to an individual under the waiver.

- A. The following service(s), other than respite care*, are furnished in residential settings other than the natural home of the individual(e.g., foster homes, group homes, supervised living arrangements, assisted living facilities, personal care homes, or other types of congregate living arrangements). (Specify):

Adult Family Care

*NOTE: FFP may be claimed for the cost of room and board when provided as part of respite care in a Medicaid certified NF or ICF/MR, or when it is provided in a foster home or community residential facility that meets State standards specified in this waiver.)

- B. The following service(s) are furnished in the home of a paid caregiver. (Specify):

Adult Family Care

Attached is an explanation of the method used by the State to exclude Medicaid payment for room and board. The Medicaid waiver beneficiary pays room and board directly to the Adult Family Care provider.

METHODS USED TO MAKE PAYMENT FOR RENT AND FOOD EXPENSES OF AN UNRELATED
LIVE-IN CAREGIVER

Check one:

- ☒ The State will not reimburse for the rent and food expenses of an unrelated live-in personal caregiver who lives with the individual(s) served on the waiver.
- ☐ The State will reimburse for the additional costs of rent and food attributable to an unrelated live-in personal caregiver who lives in the home or residence of the individual served on the waiver. The service cost of the live-in personal caregiver and the costs attributable to rent and food are reflected separately in the computation of factor D (cost of waiver services) in Appendix G-2 of this waiver request.

The following is an explanation of the method used by the State to apportion the additional costs of rent and food attributable to the unrelated live-in personal caregiver that are incurred by the individual served on the waiver.

FACTOR D'

LOC: NE

NOTICE: On July 25, 1994, HCFA published regulations which changed the definition of factor D'. The new definition is:

"The estimated annual average per capita Medicaid cost for all other services provided to individuals in the waiver program."

Include in Factor D' the following:

The cost of all State plan services (including home health, personal care and adult day health care) furnished in addition to waiver services WHILE THE INDIVIDUAL WAS ON THE WAIVER.

The cost of short-term institutionalization (hospitalization, NF, or ICF/MR) which began AFTER the person's first day of waiver services and ended BEFORE the end of the waiver year IF the person returned to the waiver.

Do NOT include the following in the calculation of Factor D':

If the person did NOT return to the waiver following institutionalization, do NOT include the costs of institutional care.

Do NOT include institutional costs incurred BEFORE the person is first served under the waiver in this waiver year.

If institutional respite care is provided as a service under this waiver, calculate its costs under Factor D. Do not duplicate these costs in your calculation of Factor D'.

FACTOR D' (cont.)

LOC: NE

Factor D' is computed as follows (check one):

☐ Based on HCFA Form 2082 (relevant pages attached).

☒ Based on HCFA Form 372 for years 2002 of waiver
#0285, which serves a similar target population.

The per capita amount is increased annually by 8%

☐ Based on a statistically valid sample of plans of care for individuals with the disease or condition
specified in item 3 of this request.

FACTOR G

LOC: NE

The July 25, 1994 final regulation defines Factor G as:

"The estimated annual average per capita Medicaid cost for hospital, NF, or ICF/MR care that would be incurred for individuals served in the waiver, were the waiver not granted."

Provide data ONLY for the level(s) of care indicated in item 2 of this waiver request.

Factor G is computed as follows:

- ☐ Based on institutional cost trends shown by HCFA Form 2082 (relevant pages attached). Attached is an explanation of any adjustments made to these numbers.
- ☐ Based on trends shown by HCFA Form 372 for years ____ of waiver #____, which reflect costs for an institutionalized population at this LOC. Attached is an explanation of any adjustments made to these numbers.
- ☐ Based on actual case histories of individuals institutionalized with this disease or condition at this LOC. Documentation attached.
- ☐ Based on State DRGs for the disease(s) or condition(s) indicated in item 3 of this request, plus outlier days. Descriptions, computations, and an explanation of any adjustments are attached to this Appendix.
- ☒ Other (specify):
Based on trends shown by actual Factor G costs associated with this waiver for the years 1997 through 2002 as reported on NJMMIS production report S6559R20. This MMIS report is the basis for the HCFA Form 372 for this waiver.

If institutional respite care is provided as a service under this waiver, calculate its costs under Factor D. Do not duplicate these costs in your calculation of Factor G.

The July 25, 1994 final regulation defines Factor G' as:

"The estimated annual average per capita Medicaid costs for all services other than those included in Factor G for individuals served in the waiver, were the waiver not granted.

Include in Factor G' the following:

The cost of all State plan services furnished WHILE THE INDIVIDUAL WAS INSTITUTIONALIZED.

The cost of short-term hospitalization (furnished with the expectation that the person would return to the institution) which began AFTER the person's first day of institutional services.

If institutional respite care is provided as a service under this waiver, calculate its costs under Factor D. Do not duplicate these costs in your calculation of Factor G'.
